

## **TWO YEAR ANNIVERSARY**

A FAMILY MATTER is very grateful to announce our two year anniversary. We praise God and also thank all of the medical and legal practices, teachers, judges, businesses, health clinics, ministers and churches, counselors, and special individuals who have been an incredible part of success for countless marriages, families, and individuals. It is remarkable to see the darkness turned to light, agony turned to ecstasy, and disasters turned into miracles. A special thanks goes out to each of you for assisting with many journeys of transformation!!

Since the beginning of A FAMILY MATTER 322 different families have been served which includes approximately 1,000 individuals.

Here are some samples of recent successes.

“We are so proud of him and the progress he’s made (and the progress we have made). Thank you so much for all you have done for us. We’re so thankful that God led us to you.”---Parents of a seven year old child with severe behavior problems (eighteen months of work with a University Hospital had proved fruitless)

Prayer: “Thank you, dear God, for leading us to Kent and for saving our marriage.”—A couple who first came to A FAMILY MATTER on the verge of divorce and decided to complete the 12 session Imago Marriage Therapy program

“I have been to counselor after counselor but no one has ever been able to help me with my anger problem. After hearing you speak, I believed you could help me.”—After seven appointments, much hard work on assignments, and overcoming some huge obstacles, this person reports that the anger is under control and there have been no major flare-ups.

And the success goes on and on. Each day we see these success stories multiplied. Only God could do something this wonderful!!!
